

Heritage Property - St. Paul's Anglican Church

Street Address	Municipality	Designation Type	Designation Date
	Margo	Municipal Heritage Property	March 9, 1998
			

Statement of Significance

Completed in 1912, St Paul's is a landmark in the community of Margo. It is a small clapboard structure that reflects its Anglican heritage with its pointed Gothic windows and a decorative wrap-around eaves design at the front entrance. Currently the church is open for visitation by tourists and is used for occasional marriages, funerals and services.
